

Declaration of the EAF

The European Anglers Federation welcomes the Budapest Manifesto of the three international angling organizations initiated by the CIPS appealing for a worldwide cooperation and all common efforts for the future of angling.

The EAF appreciates all efforts for building unity of the angling internationals therefore he joins in this initiative. The Presidential Council declares the EAF is ready for making all common efforts to the sustainability and the promotion of the angling in the European continent and to contribute for protecting the rights and widening the possibilities of the angling in all over the world.

Presidential Council of EAF

Prague, the 14th October 2017
